**01. LET IT GO (US Mix)**

Words & Music by LOUDNESS & AKIRA TAKASAKI

Driving to the top of the city,  
Drive until I reach the view,  
Where we used to try and see,  
Our dreams come true.

Stop the car, light a cigarette,  
Fill the air with the radio,  
And there's nothing I can do,  
But think of you.

I was the one who talked about the other man,  
I thought he was my friend, but you had other plans.

I just can't take that chance, there ain't no looking back,  
Just a victim of circumstance, I helped you fall in love, so,  
Let it go, let it go, Yeah, you gotta let it go, let it go.

When I dial your telephone number,  
It's like you're never home,  
But I know it isn't true,  
What's he doing to you.

I don't like to sleep alone, no  
That don't seem to bother you,  
As long as you are having fun,  
You don't care what you do.

I was the one who talked about the other man,  
I thought he was my friend, but you had other plans.

It's all gone by so fast, there ain't no looking back,  
Just a victim of circumstance, I helped you fall in love, so,  
Let it go, let it go, Yeah, you gotta let it go, let it go.

I just can't take that chance, there ain't no looking back,  
Just a victim of circumstance, I helped you fall in love,  
Let it go, let it go, Yeah, you gotta let it go, let it go.

**02. ASHES IN THE SKY  
("SHADOWS OF WAR" US Mix)**

Words & Music by LOUDNESS & AKIRA TAKASAKI

Never talk to guardian angels, never look at evil past,  
The dying swan of sad creation, going fast away.  
We are born again like a phoenix passing  
Vanish like a soldier's death,  
Hear the breath of moving thunder.  
Red hot blow the ashes to the sky.

Shadows of war, screamin' past lies  
Shadows of war, emotional ties

It comes, a deeper nightmare,  
Fly me away to the holy place.

Can the keepers guide forever,  
Will they make us pay?  
We are born again like a phoenix passing,  
Vanish like a soldier's death,  
Here the breath of moving thunder.  
Red hot blow the ashes to the sky.

Shadows of war, lovers gone blind  
Shadows of war, time out of mind

Can the keepers guide forever,  
Will they make us pay?  
We are born again like a phoenix passing,  
Vanish like a soldier's death,  
Here the breath of moving thunder.  
Red hot blow the ashes to the sky.

Shadows of war, time out of mind  
Shadows of war, lovers gone blind  
Shadows of war, screaming past lies  
Shadows of war, emotional ties.....

### 03. RISKY WOMAN

Words by MINORU NIIHARA Music by AKIRA TAKASAKI

Feels so hot and risky  
Come on over here, let down your hair  
See those eyes are misty  
What a dangerous night, us together

You are a risky woman  
Sexy, not an easy woman

Dancin' close and real slow  
Trying to seduce, almost there  
Lurking in the shadows  
Creep up from behind, like a tigress

You are a risky woman  
Sexy, not an easy woman

\* Ready? Let's go whip it up!  
Take it all night long  
I'm gonna make you burn  
Baby! Let's go whip it up!  
Take it through the night  
I'm gonna make you hot

Take it all night long

(\* Repeat..... )

### 04. S.D.I.

Words by MINORU NIIHARA Music by AKIRA TAKASAKI

Hear the thunder,  
Crashing through the night  
Storm clouds,  
Brewing in the east  
Out in the east

See the fire,  
Blazing out of sight  
Tempest,  
Raging from the beast  
Where can we go?

In the spirit of survival  
Undercover in the danger zone  
All the nations will be glowing  
On their way to hell

Death and danger,  
On the new horizon  
Terror  
All across the land

Feel the power  
Weapons of destruction  
Soldiers  
Take the final stand  
Who's in command?

Can you feel the wind is blowing  
Falling angels on the high frontier  
Reaching out in desperation  
Push! push! push the button down!

\* S.D.I.  
They're going all the way  
S.D.I.  
Such a foolish game

S.D.I.

There's no one left to blame  
S.D.I.

Angels of death are marching closer  
The last supper's held  
Here in the land you'll see no more  
I'll see you in hell  
They call it war  
They call it war

S.D.I.  
S.D.I.  
S.D.I.

Hear the thunder,  
Crashing through the night

See the fire,  
Blazing out of sight,

In the spirit of survival  
Undercover in the danger zone,  
All the nations will be glowing

Push! push! push the button down!

### 05. THIS LONELY HEART

Words by MINORU NIIHARA Music by AKIRA TAKASAKI

I hear the sound of a heartache  
I hear the cries of a lonely heart  
I got to know where I'm going  
I feel the light of this love grow dark

Blinded by faith  
Still I keep waiting for you, for you  
Run with the night, love running blind, I'm losing you

I feel the flames of your fire  
I feel the touch of your racy eyes  
I know I'm cursed with a fever  
I feel the wind of your hurricane lies

Blinded by faith  
Still I keep waiting for you, for you  
Run with the night, love running blind, I'm losing you

\* This lonely heart, this lonely night  
Is turning my world into  
This lonely heart, can't see the light  
To find my way back to you  
This lonely heart, this lonely night

Baby, I'm losing you

Blinded by faith  
Still I keep waiting for you, for you  
Run with the night, love running blind, I'm losing you

(\* Repeat )

And there ain't nothing more I can do,  
Baby, I'm losing you

06. ROCK'N ROLL GYPSY

Words by MINORU NIIHARA Music by AKIRA TAKASAKI

Come on!

I feel the touch of a midnight lover  
I need the heat of a summer night, makes me feel alright  
I feel the pulse of the city lights  
Wanna catch the tail of a shooting star, getting out too far

I can't hold back the feelin'  
Can't let my dreams come tumbling down  
I live for the sounds on the radio, oh, you know

My tongue is dry, gimme one more jack  
Set'em up gonna throw that whiskey down  
I'm spinning round, round, round  
The music lights my soul on fire, want it all  
Wanna take this town alive, gonna make it mine

Don't tell me I can't make it  
I got a dream and it just ain't gonna die  
Give me the chance, to blow you away (what I say)

\* I'll make you feel good  
Like a rock'n roll gypsy  
I'll make you feel good  
Like a rock'n roll gypsy  
I'll make you feel good  
Like a rock, let me roll, I'm a gypsy, let me go

Show me where to run,  
Show me where to go  
Baby, I don't know

Show me where to run,  
Show me where to go  
I love it, when you talk to me

(\* Repeat )

08. SOLDIER OF FORTUNE

Words & Music by LOUDNESS & AKIRA TAKASAKI

Rebel young, tracks to burn  
Take the glory, we belong  
Through the light of a million eyes, we know  
With steel and fire, break the chain  
Live in the heart of a hurricane  
This innocent child is no more

Together, forever, oh, let's rock the earth  
Oh, can't hold back, no more

\* Soldier of fortune, giving you no warning  
The whole world's watching, let it rock  
Soldier of fortune, burning up the torches  
We are the rebels, let it rock

In the streets, broken dreams  
Don't matter, we'll find the means  
Fighting to win, never look down...  
I need it, I feel it, the heat of a million eyes  
Oh, lift me up, beyond the stars

(\* Repeat twice)

09. YOU SHOOK ME

Words & Music by LOUDNESS & AKIRA TAKASAKI

Tonight's the night I'm breaking out,  
I gotta know what it's all about,  
Hey, babe, there ain't no way I'm gonna lose you.  
I got your love in my blood tonight,  
And I'm so far gone I can't see the light,  
Oh yeah, the pressure's on and I'm cruisin'.

Baby take me back where I belong,  
Take me back before the night is gone,  
No I can't escape the thunder,  
Of your burning wings of love,  
Take me down and love me baby, slow and easy.

You shook me, shook me all night long,  
You shook me, shook me all night long,  
You shook me, shook me all night long,  
You shook me, shook me all night.

Startin' out, I'm bearin' down,  
You got me burning at the speed of sound...  
Oooh, and I'm coming to get ya.  
Ain't nothin' gonna stop me now,  
If ya can't get loose I can show you how,  
I'm gonna hold you tight,  
'Cause I can still remember.

Baby take me back where I belong,  
Take me back before the thrill is gone,  
I've been on the road of lightning,  
With a circuit overload,  
Take me back and love me, baby, oh, so easy.

You shook me, shook me all night long,  
You shook me, shook me all night long,  
All night, baby, you been burnin' into me,  
All night long, since you walked into my dreams.

You shook me, yeah, you shook me all night long,  
You shook me, 'cause you shook me  
On and on and on,  
All night, baby, step into my lovin' arms,  
All night long, 'cause you need to feel my charms  
Around you.

\* You shook me, shook me all night long,  
You shook me, 'Cause you shook me  
On and on and on and on.  
All night, baby, you been burnin' into me  
All night long, shook me  
On and on and oooooooooon.

## 10. DOWN 'N' DIRTY

Words by MIKE VESCERA Music by AKIRA TAKASAKI

New kid in town  
He likes gettin' 'round  
Lookin' for new things to do

Oh, he likes to play  
Most any game  
And he wants to play with you

When he comes around  
Oh, he takes it all the way  
He's movin' up and down  
He gets right in you

Down, down, down, down 'n' dirty  
Down, down, down, down 'n' dirty

Oh, he just might stay  
If you wanna play  
Likes a cat, he's on the prowl  
I know what I wanna do  
What I wanna do to you  
I'm gonna make it stick like glue

Movin' in and out  
In the alley or the street  
Oh, I'll show you how  
How to play me

Down, down, down, down 'n' dirty  
Down, down, down, down 'n' dirty

Just like a pussycat in heat  
You're always scratchin' at the post  
Red light, green light, go

Slip inside, it's suicide  
Take you for a ride, meet Mr. Hyde  
Gonna turn the tide for you

When he comes around  
Oh, he takes it all the way  
Movin' up and down  
He likes to get you

Down, down, down, down 'n' dirty  
Down, down, down, down 'n' dirty...

## 11. SLAP IN THE FACE (Single Version)

Words by MIKE VESCERA Music by AKIRA TAKASAKI

Is there a reason  
You always bring me down  
I'm takin' all the shit again  
I've grown so sick  
And I'm tired of the lies  
I know that you'll never change  
Oh you're still the same

What is the problem  
Why you always pull my chain  
Gotta pick myself up off the floor  
Well now you're killing me  
You think it's a game  
Oh you're the keeper of pain

\* Slap in the face  
I can't take the lies anymore  
Slap in the face  
Baby, you've become such a bore  
Slap in the face  
Everytime you try it  
It's always the same  
Slap in the face  
All you do is drive me insane

I think the time has come  
To put you in your place  
It's time for me to say goodbye  
I have no feelings  
I don't really care  
Oh you've become such a pain

(\* Repeat)

Slap in the face  
Slap in the face  
Slap in the face  
Girl, won't you love me no more

## 12. PRAY FOR THE DEAD

Words by MASAKI YAMADA & JODY GRAY  
Music by AKIRA TAKASAKI

Where we goin'  
Just walkin' in Dinosaur shadows  
No way of knowin'  
How much longer we'll all be survivin'

Through the walls of darkness  
Can't see the future  
In my mind  
Beggars and whores  
Stand in doors  
Cities in flames  
Cities at war

Pray For The Dead  
Pray For The Dead  
Pray For The Dead

Raining Razors  
Rivers runnin' with poisonous water  
Drownin' the saviors  
In the mirror we're still the destroyers

On the edge of darkness  
Can't see the future  
In my mind  
Hatred and fear  
Blood and tears  
Babylon calls  
Pray for us all

Pray For The Dead  
Pray For The Dead  
Pray For The Dead

Through the walls of darkness  
Can't see the future  
In my mind

Beggars and whores  
Stand in doors  
Cities in shock  
Cities at war

Pray For The Dead  
Pray For The Dead  
Pray For The Dead

## 13. SLAUGHTER HOUSE

Words by MASAKI YAMADA & JODY GRAY  
Music by AKIRA TAKASAKI

Filthy basement locked inside a cage  
Screaming patient animal in rage  
Eyes looking out of holes in hell  
Eyes that shout  
Blameless victim

In The Slaughter House  
Dyin' To Get Out  
Of The Slaughter House

Shut Up! Shot Up! Some shit colored blue  
Torture tested product safe for you  
Now you see it writhing on the floor  
Now you don't  
Nameless victim

In The Slaughter House  
Only One Way Out  
Of The Slaughter House

Kill to live!  
We killed to live  
One way out

Slaughter House  
Check into death motel  
Slaughter House  
Welcome to Hell  
Welcome to Hell

Weepin' speakin' lips adored with flies  
Snot is leakin' reekin' from its eyes  
Dog sleepin' on the bed of lice  
Wired head  
Somebody's got to pay the price

In The Slaughter House  
Dyin' To Get Out  
Of The Slaughter House

Kill to live!  
We killed to live!  
One way out  
One way out

The Slaughter House

## 14. BLACK WIDOW

Words by MASAKI YAMADA & JODY GRAY  
Music by AKIRA TAKASAKI

She'll eat your soul  
Kill your sweet dreams  
Heart and bones  
She'll pick them clean  
She's a death machine  
Got pretty poison  
To nail you in  
Her web of sin

She's made of shade  
And I'm going down

Take me to the heart of the night  
Black Widow  
Black Widow  
Come on eat my soul  
Black Black Widow

Insect eyes  
Bright with malice  
Shiny black  
Chrysalis  
From the abyss  
She's calling dark things  
To lay tonight  
Beneath her wings

She's back in black  
And I'm going down

Take me to the heart of the night  
Black Widow  
Black Black Widow  
Come on eat my soul  
Come on eat my soul

The shapes of fear  
Drawing near  
I can hear  
Poison whispers  
Taste of pain  
Always remains  
Scars of shame  
Can't resist her  
Can't resist her

She'll wither your soul  
Infect your dreams  
Swallow you whole  
She's a death machine

Come on lick it  
And Stick it  
Let's write it in blood

Take me where the shadows are bright  
Black Widow  
Come on eat my soul  
Take me to the heart of the night  
Black Widow  
Black Black Widow  
Come on eat my soul  
Come on

## 15. PARALYZED

Words by MASAKI YAMADA & STEPHAN GALFAS  
Music by AKIRA TAKASAKI

You! Cursed my soul  
With the force of a demon's hold  
Pain! Inside my brain  
Nothing relieves it  
I've gone insane

In a trance and left to die  
Lost the chance to love or cry  
Dance the dance and say goodbye

Paralyzed  
Sacrificed  
Paradise  
Paralyzed, paralyzed, paralyzed

You! Crossed the line  
Took my eyes and struck me blind  
Face! The endless waste  
You have deceived me  
I've lost the race

In a trance and left to die  
Lost the chance to love or cry  
Dance the dance and say goodbye

Paralyzed  
Sacrificed  
Paradise  
Paralyzed, paralyzed, paralyzed  
Paralyzed  
Sacrificed  
Paradise  
Paralyzed, paralyzed, paralyzed

Liar!  
Desire!  
Fire!  
Desire!

You! Crushed my hope  
At the end of a hangman's rope  
Night! The final fight  
No one believes me  
You stole the light

In a trance and left to die  
Lost the chance to love or cry  
Dance the dance and say goodbye  
Dance the dance and say goodbye

Paralyzed  
Sacrificed  
Paradise  
Sacrificed  
Paralyzed  
Sacrificed  
Paradise  
Paralyzed, paralyzed, paralyzed

Paralyzed  
Sacrificed  
Paradise  
Paralyzed, paralyzed, paralyzed

## 16. MASTER OF THE HIGHWAY

Words by MASAKI YAMADA Music by AKIRA TAKASAKI

I can feel the devil's danger in my vein  
Speed king freak, leanin' to the fast lane  
Trail of fire, screamin' my name  
Faster than lightning ridin' thru the rain

Black stars! Comin' down  
Power! Pedal to the metal  
Nightrider! Machines of steel  
I am the master  
Master of the highway

Speedin' thru the eyes of demon night  
Passin' all the shadows with dust & wind  
Born to race, get out my face  
Take this mother fucker thru this die hard ride

Smoke! Smell of the beast  
Blaster! Burn it up, turn it up  
Racin'! Machines of steel

You'll be the master  
Master of the highway  
Master of the highway  
Master of the highway

I can feel the devil's danger in my vein  
Take this mother fucker thru this die hard ride

Black stars! Comin' down  
Power! Pedal to the metal  
Nightrider! Machines of steel  
I am the master

("ON THE PROWL" Outtake 1990)

Words by MINORU NIIHARA Music by AKIRA TAKASAKI

Just when I thought my life was rising  
\* The doctors left me here to die...  
Trapped in a cage, locked in a prison  
Won't someone break this cursed lie!

These walls are cold behind the steel door  
Hear me scream, I'm begging to be free...  
My senses wonder am I dead or alive  
I hear the devil laugh at me

U Everyday no way out  
\*\* Everyday nowhere to run  
They're coming after me  
Doctors with their pain...

Take me home from here  
Take me home from here
